statements of the funds required for the additions which are to be made to the institution next year. Members from the legislature are coming before long to inspect the conditions of the school that they may know for themselves the need of appropriation.

Next Saturday evening Miss Spencer will give a recital to the public. The time will be devoted to literature, with musical features interspersed.

Morgan Richards, Jr., Iron county's representative-elect, and U. T. Jones were welcome visitors this week. From Mr. Richards' inspection of the building he could plainly see the need of better accommodations and more room for the number of students.

The students have returned, bringing friends with them.

On account of an accident, Miss Elia Hulet of Summit is unable to return to school.

About twenty new students have come in since the holidays to take the special course that has been arranged for in mechanical drawing and manual training.

The graditates of the Eranch who are attending the U. of U. visited us before the holidays. They took up the time in students' chapel, and all are of the opinion that the work done here is equal to that done at the university in the same classes.

Dr. Yoder will lecture on "Farm Life In Germany" next Tuesday at the regular meeting of the Agricultural club. Dr. Yoder made a special study of farm conditions in Germany during ints two years stay in that country, and he will therefore be able to do justice to his subject. Professor Kerr spent the greater part of the week in Salt Lake City.

About six weeks ago twelve samples of drinking water were received at the chemical laboratory from Saltna, Itah, with the request that sanitary analyses, be made of them. Dr. Yoder has just finished the work and finds that two of the samples are very dangerous for sanitary purposes, while three are suspicious, and should not be used; the remaining seven gave very favorable results and can be relied upon.

My Simmonds a graduate of the samples are delightful entering.
